

What is your legacy?

Provide for your family *and* future generations. Leave a gift to your community, forever.

Leave a Legacy in your community.

We help people leave legacies that are personal, meaningful, and impactful. Give10 is a philanthropic campaign initiated by the Community Foundation of NCW to inspire everyone in our region to leave 10% of their will or estate to support charitable causes. Your legacy gift can provide annual funding for your favorite charities, provide long-term grant funding to your local community through our Legacy Funds, or be tailored to your philanthropic goals. Whatever you choose, leaving a legacy can make a difference in your community, forever.
